Description

The High Quality Power Cord, T12 to C13, is designed to deliver reliable and stable power connectivity for a wide range of IT and office equipment. Engineered with precision and built from durable, high-grade materials, this power cord ensures consistent electrical performance and long-lasting use in both professional and home environments.

Featuring a T12 plug for compatibility with Swiss-standard power outlets and a C13 connector commonly used for computers, monitors, printers, and other electronic devices, it offers versatile application across multiple setups. The robust construction provides excellent resistance to wear, bending, and daily handling, making it ideal for continuous use in demanding conditions.
