

ZIRCON 606

WIRELESS GAMING MOUSE 8K

PRODUCT FEATURES:

- An 8000 Hz (8K) reporting rate ensures ultra-fast responsiveness, smooth tracking, and precise motion mapping, giving you a significant advantage in dynamic FPS games and e-sports, especially on 180–360 Hz monitors.
- The e-sports-grade PAW3395 sensor delivers precise tracking and full control over every movement, even during rapid maneuvers. This allows you to aim exactly where you want and gain a real advantage in the game.
- The ergonomic shape for right-handed users ensures a secure grip and natural hand position, increasing comfort and precision during long, intense gaming sessions.
- The lightweight design allows for faster and more dynamic movements, reducing wrist strain and improving responsiveness in key moments of gameplay.
- Triple connectivity with 2.4 GHz, Bluetooth, and USB allows quick switching between modes and complete freedom to play without unnecessary delays.
- The latest generation of Kailh optical switches provide ultra-fast response times, giving you a real advantage in dynamic gaming battles and reliability you can count on for a long time.
- The special Anti-Fingerprint coating minimizes fingerprints and smudges, helping the mouse maintain its clean, premium look even during intense gaming sessions.
